Dimes bar contest ends  
Chairman Ralph Jensen announced. So far it seems the Pango Room on 10th Ave. will win the first prize this year. They have sets of cards and a successful spaghetti dinner evening—good crowd, good food, good cause.

**WEEK AGO**, Jerry and Murdock took off for the snow weekend of skiing. They were out of Alta Bates hospital last Sunday—she had her knee and had to undergo surgery to prevent serious injury. She's recuperating at home.

**ARE BUSY DAYS**—the successful Soroptimist show last Wednesday night at the American Legion. This past Monday night the always-enjoyable AFS show at Cornell Sunday night to say nothing of the excitement generated last night racing season opening a bang last Friday. Ah, in Albany—or summer or winter! It's never dull.

**OF THE** most hilarious comment acts in history just the bevy of ballet cuties of Legion post 292, performed with elegance, and perfect synchronization in the auxiliary fashion show last night. The March of Dimes committee has signed to make a second appearance at the annual Dimes show, which will be Wednesday, April 13, at the Veterans' Memorial. Don't miss them!

Moose Open House, Dance Saturday; Dedication Committee Sets Sunday

Albany Moose lodge has scheduled open house from 2 to 4 p.m. this Saturday at the Albany Fire Department, followed by a special dinner-dance at the Albany Masonic temple, 555 San Pablo Ave., that evening.

On Sunday from 2 to 4, those who were unable to visit the fire station on Saturday may inspect the new facilities with members of the former Dedication Planning Committee, headed by Barry Runnion, Jr., as chairman.

Members of the auxiliary of the firemen will serve refreshments on both days. Additional names will be added to the official Dedication guest book, donated by Albany High 12 club, which will be kept as a permanent record of those attending Albany's big dedication ceremonies.

Albany Moose Dance Is Next Saturday

Albany Moose club is planning another of their monthly dinner-dances, and this one should top them all. It will feature the music of Pete Fountain and his group. Pete is one of America's top clarinet players, and a former member of Lawrence Welk's band.

The affair will be held at the Albany Masonic Temple, 555 San Pablo Ave., Saturday, March 19. Dinner will be served from 7 p.m. to 9 p.m., with dancing from 9 to midnight. Refreshments will be served all evening. Tickets and further information may be obtained from Bill Beller at the Jim Woulfe Ford agency in Albany, Bill Rhea at East Bay Chevrolet, or any Moose club member.

Local Realtor To Attend Sacramento Meet

Jerome Blank, Albany realtor, and a Director at Large of the California Real Estate association, will attend the State Directors' meeting of the California Real Estate association starting March 17 at the El Dorado Hotel and Sacramento Inn in Sacramento. It was announced today by Gordon Nicolson, president of the Berkeley Realty Board.

In addition to his position as director, Blank is also chairman of the State Political Affairs Committee of CREA, and chairman of the CREA Home Trade-in Conference to be held later in the year at five locations throughout the state, and will meet with his committee to plan on the program.

According to Burt Smith of Bellflower, president of the 55,000 member association, over 1,500 realtors will attend the Sacramento meeting from 176 real estate boards throughout California.

Petition Protests Move To Relocate Post Office

George Bernard, president, and other members of the West Solano Avenue Merchants association are currently circulating petitions to protest the relocation of the Albany branch of the post office from its present Solano Avenue location to a site close to the new Civic Center, 1000 San Pablo Ave.

Reasons for protesting such a move include its current central location, the possibility of depressing business on Solano which needs the vitality given to the area by the post office and the fact that its present location is close to main lines of transportation and bus stops.

# WORKERS STILL NEEDED FOR ALL-NIGHT PARTY

Thursday evening, Feb. 17, the second general meeting of all parents of graduating Albany High school seniors was held in Portable 2. This meeting was held to further formulate plans for the All Night Graduation Party to be held June 15 at the Golden Gate Fields Clubhouse.

Although what is taking place behind closed doors of Portable 2 is top secret, we can say that all committees are "Go."

During the past several weeks many individual committee meet-

ings have been held. Reporting for the Decoration Committee, Mrs. Shirley Kester, co-chaired with Mrs. Crawford Bingham, stated that they are making, borrowing, begging, buying but never-the-less beginning to secure the material and items they will need to transform the Golden Gate Fields Clubhouse into the "secret" party theme.

Mr. and Mrs. Albert Kister and Dr. and Mrs. Richard Gleason, co-chairmen of the food committee, reported their committee has

tentatively agreed upon a menu and this observer guarantees the graduates can look forward to ample food at the party.

Mr. and Mrs. Merritt Thomas, chairmen of the hospitality committee reported the tickets for the party have been printed. They also stated there are a multitude of jobs that fall under the hospitality category and although they have been able to secure almost enough volunteers, they could still use more help.

Mr. and Mrs. Richard Lyness, Mrs. Dorothy McCain and Mr. and Mrs. Max Klemm, sharing chairmanship of the entertainment committee with Lyness acting as spokesman, reported some progress has been made in securing the night's entertainment but much work is yet to be done; nothing has been firmed up at this time.

Mr. and Mrs. Dick Rodda, chairman of the breakfast and clean-up committee, reported that so far they have about 12 people serving with them but need more help.

Mr. and Mrs. Thomas Toothaker, finance chairmen, advise those who have not already done so that contributions from the parents of senior students in the amount of \$10 may be sent to them at 704 Spokane Ave. Checks should be made payable to "Albany Grads '66."

There is still a need for additional cooperation from every parent of a graduating senior.

beach directly below the upper parking lot at Golden Gate Fields. Nearly opposite the employee entrance is an opening in the hedge on the western end of the lot. This leads to a stairway which goes down toward a splendid spot with unusual rock formations and great possibilities. Frankly, we're impressed by the work done by the Bay Committee although we haven't had too much time to delve into it. We hope to have a comprehensive report soon.

(Held over from last week.)

**THE TIMES GETS AROUND**

Policewoman Sigrid Oakley showed us a letter she received recently from Albert D. Wood, customer relations supervisor for New York Telephone in New York City. Enclosed was the clipping from the Times showing Sigrid receiving the old telephone switchboard. We can't imagine how Al Wood, a former local writer, received it.

"It has been a long time since I pushed a broom around that old police station," Wood wrote Sigrid. "Twenty-three years to be exact, but I remember those days with a great deal of pleasure. The kids in the neighborhood are still amazed that I can wash three or four cars in an hour, a skill that can only be learned in that old back court. Will you ever forget how shot-up

that black Studebaker was when a couple of the boys got caught between some liquor thieves who had more guns than bottles?

"You can tell Service Foreman Sweeney that you've had a New York Telephone Company District Plant Superintendent working for you and that he wasn't so hot on the wrong end of the mop. I've been with the New York Telephone company about 10 years. I live with my wife and two children in Rockville Centre, L.I. Since I've seen you last I've graduated from the Merchant Marine Academy, attended Hofstra and N.Y. University, acquired a Master Mariner's License, been a Chief Engineer in a destroyer, an assistant port captain for a shipping company and have even run for a town office. It's been a long, pleasant, successful road. I wouldn't be surprised if a lot of it wasn't based on knowing how to mop the floor in the local police station. . . ."

NOW IF one of our readers will please tell us how Al Wood came by the clipping, we'd be appreciative. It has given us a

perfect local-boy-makes-good story, so thanks, whoever you are!

**HANK PERALA** lost his glasses last Monday. Lois Lanotte found them. Realizing the glasses were valuable, she came into the Times to ask us to write a squib about them. Before the story reached the printer, our advertising man spotted it, realized the glasses were Hank's and made the necessary calls to reunite glasses and owner.

**A MONTANA PAPER** recently carried an editorial on "Depopulating California." It reported that Californians have started an organization called "Caldepop," short for California Depopulation Commission. It aims to discourage new people from coming to California and encourage present citizens to go elsewhere. "California wasn't made for people," the editorial states. "Where it isn't too hot, it's too cold. Where it isn't too arid, it's too damp. Where it isn't dug deep below

sea level, it's too high for comfort." After telling how gold has been luring good, solid citizens from other states, it goes on, "Once there, their brains are fried by the sun, their senses bewildered by the freeways and they are trapped forever . . . cramped shoulder-to-shoulder in little pink, blue and purple houses. . . ."

difficult task of rehabilitating all those pillable sun-baked, sea-soaked, smog-ridden Californians. There are some who say it cannot be done," the editorial concludes.

GEE, we didn't realize things were so bad here, did you? **A SAN FRANCISCO** radio station recently staged a "Second Honeymoon" contest. Six couples received prizes of six days in Acapulco; six went to Lake Tahoe, six went to San Francisco, and of course, if Caldepop catches on, the last six received . . . Sealy king-size sleep sets!

## Yarnell-Sharp Wedding

Carol Jean Yarnell - Huntington Drew Sharp  
—Dorothy Larimer Photo.

The marriage of Carol Jean Yarnell and Huntington Drew Sharp took place at Trinity Episcopal Church, Oakland. Rev. Rowland Hilt performed the ceremony before an altar adorned with two tiers of white spring flowers.

The bride wore a simple white chiffon over tulle Empire gown with long chiffon sleeves and a high neckline. The high waist was outlined in penelope-shaped pearls. Two floating panels of chiffon descended from the neckline in back to the ankle-length hemline. A tiny leaf-shaped chiffon and pearl tiara adorned the shoulder-length veil. In her shoe, the bride had placed a sapphire found by her mother in Carmel (the fabled Camelot King Arthur's Court), England. She carried a lovely silk and lace handkerchief which had been carried by her great grandmother, Jennie M. Ryer, at her wedding in 1881, and wore a single strand of pearls borrowed from May Ellis Olson to complete the traditional garb. The bridal bouquet was a tree form cascade of Eucalyptus, lilies, crocus' and hyacinths with net and satin ribbon.

Matron of Honor Virginia Choiniere was gownned in a floor length gold color silk crepe Empire dress with small cap sleeves, waist necklace, and buttoned down the back of the bodice from neckline to high waist. She wore matching shoes and a velvet heart piece. Her flowers were a crescent of yellow daffodils, centered by white Dutch iris, with pale yellow ribbon.

Bridesmaids, Carole Tout and Marie LaFaille, were identically attired in pale yellow Empire dresses carrying crescent bouquets of yellow daffodils with gold-green satin ribbons. The bride was escorted down the aisle by Robert H. Petersen, recent bridegroom of her mother, Jean Yarnell Petersen.

The bridegroom wore a sprig of hyacinth in his lapel and the remainder of the gentlemen in the wedding party had boutonnières of crocus blossoms. Philip Dyer, USN, served as best man. Arthur Hernandez, USN, and Donald C. Parkin, uncle of the bride, ushered.

Mrs. Huntington Sharp, mother of the bridegroom, chose a three piece suit of embossed pale blue

silk, worn with a silver and blue turban and a yellow cymbidium orchid corsage. The bride's mother wore a three piece suit of pale yellow silk brocade with a hat of green and gold leaves and veiling. Her corsage was green lady finger or hids.

A champagne reception following the ceremony was at the Hillside Club in Berkeley, where yellow and white spring flowers continued the theme of the wedding. Mrs. Wayne Revier, aunt of the bride, baked and decorated the tall three-tiered wedding cake from a recipe and directions found in the original cookbook of the bride's great-grandmother. The figures of the bride and groom were those used on her wedding cake 85 years ago and the top was graced with a small white urn of fresh lily of the valley and maiden hair fern. Mrs. Carroll C. Cassil, close friend of the family, cut the cake and Mrs.

Your PG&E bill is bigger than it used to be because you're using more light, more heat and more appliances. PG&E rates, however, have gone down. The same amount of gas and electricity costs less today than it did in 1935. PG&E energy is still your biggest household bargain.

15-WX-365

Mayor Lewis M. Howell of 1079 Albany Avenue and Advertising Agency for Park and Shop Mart, Albany City Councilman for Albany City Council for seven years and Mayor for seven years, is running for re-election to City Council in the municipal election.

Howell is past president of East Bay Chapter of League of California Cities, was vice chairman of Alameda County Mayor's Committee for the 1960 election (a group he helped organize for three years, and served on the committee setting up the tax formula with the Board of Supervisors, which gave a regular allocation to all cities in Alameda County. He was on committees setting up the Board of Supervisors and Bay Area Rapid Transit commission.

Howell is past president of Albany Bayview Chapter of Eagles 2323, he received the Service Award. He is past president of Albany Chapter of Commerce, a member of the Elks, former director of the Bay Grocers association, past Bay Area Grocers Association, past president of troop 19, past president of the Elks, and is a member of Retail Clerks Union.

Howell is currently serving as Albany Chapter chairman for the Elks, Howell is one of the Elks' longest serving officers. He has also assisted American Legion Service, Albany High School PTA, Albany High School Boosters and Bonu Boosters, Albany Senior Citizens and Club, Albany Lions Club, and other church and civic organizations.

Howell negotiated with the University of California for the purchase of University Village for the students after serving as chairman of a committee to find homes for residents of University Village when it was purchased by the U.S. Government. He negotiated with UC for the purchase and pre-school facilities at University Village.

Howell negotiated with the County Board of Supervisors for the first \$40,000 for the extension of Buchanan Street. He negotiated for new city buildings to be completed by the school board. More recently, he negotiated the school board's pet project in the new city buildings for non-uniformed employees.

Howell appeared in Sacramento to make any effort to take away the right to tax Golden Gate Fields, the city's largest taxpayer. The new rate represents 50 cents per \$100,000 in revenue which would be difficult to replace. He secured the purchase of Golden Gate Fields for the city's night party for graduates—it has been the tradition since that time.

Howell and his wife, Audrey, are the parents of Don, who is an assistant manager at S.O.P. and immediate president of Albany-Elks Exchange Club; Jack, 27, is a P.O.E.; Diane, 24, is a Pacific Telephone employee; Lynn, 19, employed by the Department of Public Health; and a junior in high school. All children are and will be educated from Albany. There are two granddaughters, Beverly, four, and Steven, two.

Howell said he will campaign for re-election, including a sincere effort to represent all citizens, on the basis of what he believes is best for Albany as a city and making appointments and commissions on the

Mayor Lewis Howell

basis of ability rather than partisan politics, membership in a particular group, or personal friendship.

The mayor said the record will bear out his support of businessmen on both San Pablo and Solano Avenues. Although it represented a threat to his own business, he cast the deciding vote in a 3-2 majority to make it possible for the new, modern Safeway store to be built on Solano.

Because he is opposed to the state removing land from Albany's tax rolls, Howell said he was against the Blind Center and State Department of Motor Vehicles taking land away from Albany. He said the state owns much property already off the tax rolls in Albany and believes such buildings should be built on state-owned land.

"I am not and never have been opposed to the Blind Center coming to Albany," he said.

Howell favored the present locations of new city buildings because it was already off the tax rolls and would make it possible to return former property to a revenue-producing status, something already happening.

"As soon as modern street lighting is installed along San Pablo and Solano, I promise to work to complete a street lighting program in residential areas with illumination approximately three times brighter than existing lighting at no added cost to taxpayers," he said.

Mayor Howell said he favors development of the waterfront for commercial-recreation uses much like the San Leandro Ma-

rina and believes a more detailed study of the waterfront section of the General Plan is in order.

He has promised to insist that Rapid Transit attractively landscape its right of way through Albany and will work toward the widening of Masonic Avenue, utilizing part of the right of way.

"I believe a Councilman should attempt to represent all citizens of Albany and that service on the Council should not be for personal gain," Howell said. "Dignity, impartiality, honesty and emotional stability are the very least qualities citizens should have a right to expect from those who serve them at Council level. This is a critical election we face on April 12. I urge voters to think before they cast their ballots."

### Eldon Wolf Details His Campaign Issues

"Albany is in great danger of losing its identity as a community! If action is not taken to reverse the present trend, Albany will find itself absorbed into adjacent communities by necessity," Council candidate Eldon Wolf said.

"Two primary factors point out this possibility: 1. The failure of adequate business-industrial development resulting in huge losses of tax dollars to support the growing needs of the community. 2. The disunity of citizen groups in working toward the objective purposes of solving the civic-school problems of the city. An attempt to alleviate Albany's dilemma must be encouraged in all areas and must be approached without suspicion. An 'open mind' toward each problem by each citizen is necessary if we are to work for the 'Good of Albany.'"

**Platform**  
Wolf said he supports: The lowest tax rate consistent in providing adequate services for the security and development of the city; a stable master plan carefully zoned to protect the growing needs of the people of Albany; lighting for San Pablo and Solano Avenues to encourage business activity and to provide safety for our citizens from the problems of the surrounding Bay Area; the encouragement of healthy sources of revenues

Attorney Barry Runnion, Jr., who has offices in Albany Square and lives at 630 Key Route Blvd., has filed for the Albany City Council post vacated by Joel Parker, Jr.

Runnion, 41, is campaigning on a platform of keeping partisan politics and special interests out of city business. He believes that national and state business should be left to Albany's duly-elected representatives on those levels and that the Council should tend to its own business, that of running a million-dollar corporation.

A native of Tennessee, Runnion came to California in 1943. He served in the U.S. Navy from 1943-46 in the South Pacific. His destroyer was sunk in the Philippines and he received a Purple Heart before his discharge.

He has been married to his high school sweetheart for 21 years. They went into business for themselves in Oakland and he worked and put himself through law school, earning his LL.B. degree from Lincoln University in San Francisco in 1955. A member of the American, State and Alameda County Bar Associations and the Lawyers Club of Oakland, he has been admitted to practice law in California and federal courts.

He has been chairman of the executive committee of the Alameda County chapter, National Foundation-March of Dimes, for the past two years, was chairman of the School Bond Boosters three times, including the last successful try to pass school bonds; has been general chairman of the Chamber of Commerce Art Show and Merchants Bazaar two years, worked with the Citizens Advisory committee before city bonds were passed, served on the committee promoting the bond issue and finally, was chairman of the successful dedication planning committee when the new city buildings were dedicated this year.

In Albany he has been a member of the Guardian council of Job's Daughters, was president of the Twilighters Square Dance through wisely developed business activity; the conservation and development of our waterfront resources to guard against the loss of recreational assets to the city, and an attempt to unify citizens in a responsible effort to work for the "Good of the City."

club, belongs to Albany High PTA, American Legion post 292 and is teacher of the adult Sunday school class at Albany's First Baptist church, where the family belong. He is a member of Albany YMCA, works on local March of Dimes activities, is a member of the committee planning the All-Night Party for graduating seniors, is a director of the Albany Chamber of Commerce and a member of the Civil Service commission.

Runnion and his wife, Audrey, are the parents of two daughters, Sherry, 17, senior at Albany High school, and Connie, 15, sophomore at the same school.

Past president of the Oakland Kiwanis club, member of the Oakland Chamber of Commerce and chairman of the Mayors reception committee for the Miss Oakland contest three years as a member of the Oakland Jaycees, he is a member of the Oakland Elks club and Acorn Lodge 494, F&AM.

Although Runnion was chairman of the Alameda-Contra Costa committee on Rapid Transit before the bond issue passed, he says Albany must now work to reap as much benefit as possible: attractive landscaping along scarred Masonic Avenue and widening of the Avenue itself.

"I've been part of the far-sighted people working for school and city buildings, on the general

plan soon to be adopted, and other groups for the benefit of our city," Runnion said. "I think Albany is on the move and, if it is the will of the voters, I would like to help this forward movement."

## MICHELE LYON WINNER OF LIONS CLUB CONTEST

The 1965-66 Lions Student Speaker Contest was off to a fine start last week when three contestants representing our Albany High schools appeared before the local club.

Robert Dennis, club chairman of the project, reports it is the 29th year the Lions of California and Nevada have sponsored the contest and each year the organization finds more young people vying for the \$1,500 scholarship. Award is made at District 4 mid-winter convention.

"Never in the years I have handled this project has the competition been as keen as last week," stated Dennis, "and I am sincerely sorry there can be only one winner."

Michael Burr, a junior, repre-

sented St. Mary's, while Cheryl Jones and Michele Lyon, both seniors, represented Albany High school.

The subject, "Law and Liberty," was handled in a marvelous fashion by all three of the contestants, thus each presentation claimed the full attention of the audience.

Winner, after the judges had completed their tabulation was Michele Lyon, daughter of Mr. and Mrs. Troy Lyon, residing at 929 Jackson.

Miss Lyon now advances to the Zone competition, which by special invitation from the Seniors, was Tuesday, March 15, at the Albany Senior Center.

Assisting in the club contest were judges Martha Hood, Vera

## American Legion Birthday Party Set for March 18

The American Legion was founded 47 years ago in the month of March in Paris, France. Albany Post 292 was organized June 3, 1927, and granted its charter Jan. 20, 1928.

To commemorate these two oc-

casions the Albany unit 292, American Legion Auxiliary will sponsor a birthday dinner for the post members Friday evening, March 18, in the Albany Veterans building. Legionnaires will put their feet under the table at 6:30 p.m. This is also to be Charter Night with efforts made to contact all the charter members of Albany post.

To the charter members who have not been active in the past years due to age and other interests, it ought to be an occasion to which they can point with pride for their founding work.

The time, patience and effort of Richard Hillman and Brother Damián in preparing these young people is most commendable and their fine work is reflected by the large number of students that have moved on to top honors year after year.

From less than 100 members Albany post has grown to second largest in Alameda County, with 414 members. Commander Thomas Noonan is going to surrender his station to the oldest past commander present Friday evening.

There will be a short business meeting at the conclusion of the dinner. The balance of the birthday night will be under the direction of the post's color guard with Past Commander LeRoy W. Holland in charge.

There will only be one discordant note to mar the festive event Friday evening, because it will be

announced that Albany to Berkeley post 7 membership contest. Albany post did likewise before closing date of the contest between the two posts. In sequence the Berkeley post be banqueting by Albany some time in April.

There will only be one discordant note to mar the festive event Friday evening, because it will be

Jerome Blank, Albany realtor, today announced plans for the construction of a new Veterinary hospital for Dr. Hans H. Schwab, D.V.M., at 666 San Pablo Ave., Albany, by Charles Byars, owner of the property, who will also be the general contractor.

Dr. Schwab, who presently operates the Hillview Pet Hospital at 1205 San Pablo Ave., Berkeley, will move into the completed building on June 1.

Dr. Schwab, who was elected last December to the presidency of the Alameda County Veterinary Medicine association, has been a resident of the East Bay for 16 years, the last 11 years of which have been in Albany. ### Republican 'Orphans' Find New Home

Homeless since moving out of the offices they shared with workers from an adjacent district, Republicans of the 17th Assembly District celebrated the opening of their new permanent headquarters at 1717A University Ave. in Berkeley with open house Saturday, March 12.

Low Sherman, chairman of the Republican Central Committee of Alameda County, officiated at ribbon-cutting ceremonies, along with other committee members and representatives of Republican volunteer groups in the district.

According to 17th Assembly District Chairman William E. Vaughns, the new headquarters will serve three basic functions. "First, the Democrat hierarchy have had things pretty much their own way in the district. We're here to serve notice on them that the free ride is over. We intend to battle them for every vote from here on out, and we've got the candidates and the issues with which to do it," Vaughns stated. "In addition, our new offices will serve as an information center for voters of both parties, and of course as a rallying point for Republican workers in the area," he added.

Directing the Open House was Jenny Wolfard, headquarters chairman and newly-appointed member of the county central committee.

# Junior Class Play Presented Friday Night

of the usual comedy or tragedy, this year's junior play is different. The play is an old-fashioned melodrama plus an Olio. The time is Friday night at the AHS auditorium. Admission is 75 cents. Tickets can be purchased from any junior. It is hoped that the audience will boo the villain as he does his foul deeds, and cheer sweet Mabel for her loyalty. The audience will be in for

some spine tingling moments of truth and will be enlightened by the righteousness of Horace Washburn and his wife Mabel. Many momentous problems will be posed, such as: will Horace ever really forget his wife, will he marry Lola, will Matt and Sue ever get together, and does Clyde really work on scientific research or is there an ulterior motive? According to Freeman Sargent, director, "This is the kind of play that everybody has special jobs to do. If they are not act-

ing, they're moving scenery." Moving scenery is a major job for the play since there are seven scenes and six sets. After the play is over, true to the old style of late Nineteenth Century theater an Olio will be presented. Individual members of the cast will perform specialty acts. Sargent stated that these are some of the numbers being considered for presentation, "The Man Who Broke the Bank at Monte Carlo," a late Nineteenth Century piece about a gambler's delight, the "Barker Role," a sextet of entrancing voices, "Don't Put Your Daughter on the Stage," advice to the stage struck, and acrobatics performed by the male members of the cast.

## State Farm Mutual Reports 1965 as 'Break-Even Year'

State Farm Mutual, world's largest automobile insurer, barely managed the break-even point on its 1965 insurance business as it recorded sales of \$828,873,227. Assets of the company topped the billion dollar mark for the first time. After dividends to policyholders were paid, the company showed a profit for the year on insurance operations of \$399,687—less than one-tenth of one percent of sales. The net figure represented a gross underwriting return of \$9,681,129, less, policyholder dividends of \$9,081,442. Agents in Albany representing State Farm are Ed Apelt, 1331 Solano Ave., Clay Berling, 630 Talbot, F. F. Foster, 1089 Neilson Street, Ed Herrstein, 1331 Solano Ave., and V. Hank Peralta, 1110 Solano Ave. They said that though the margin was thin, the picture was better than 1964 when a similar figure showed a loss of over \$33 million. Investment income in 1965 totaled \$37,590,739 (compared to \$33,013,972 a year earlier). After federal income taxes and other miscellaneous items, the firm showed a net gain on all operations of \$37,807,757. This compared to a \$433,648 loss in 1964. President Edward B. Rust said it was the first time in three years that the company's auto insurance operation had climbed into the black. He doubted, however, that the thin thread of profit indicated a turn in the underwriting trend which has been steadily worsening in recent years. "It's an extremely spotty situation," Rust said. "Losses continue bad in some states, are improving in others. Despite substantial rate increases last year our projections show that we can't expect 1966 to be as good as 1965 was. In other words, we anticipate we'll have red ink again this year." Rust said inflationary trends in "everything the insurance dollar buys," coupled with a sharp increase in the number of autos on the road and steadily rising accident tolls, were major concerns of the auto insurance industry. The \$828.8 million in earned premiums and membership fees reported by State Farm Mutual in 1965 bested the \$727,785,070 figure of a year earlier and kept the company No. 1 auto insurer for the 24th straight year. Apelt, Berling, Foster, Herrstein and Peralta also listed brief summaries for the other companies in the State Farm group. State Farm Life, one of four wholly-owned affiliates of State Farm Mutual, passed the \$4 billion insurance in force mark at the close of 1965, with \$4,009,949,008 on the books. This compared to \$3,290,867,197 a year earlier. Total life insurance sales in State Farm Life increased from \$898,229,062 in 1964 to \$1,035,964,753. Net gain from operations (after dividends and federal income tax) was \$9,801,094—up from \$7,116,055 a year earlier. State Farm Fire and Casualty, largest writer of the homeowners package policy, reported direct written and assumed premiums of \$128,552,792—nearly \$20 million above the \$108,626,241 figure of 1964. On that business, the company reported profit of \$1,022,024—compared to an \$839,220 profit a year earlier.
